

Sandaig Primary School

Eco School action plan 2006 -2007

Key Area - Waste Minimisation

Goal - To reduce, reuse and recycle waste as much as possible

| Action | Who? | When? |
|---|--------------------------------------|-----------------------------|
| Eco-Committee to complete environmental review of school waste. | Eco Committee and Mrs Stewart | November 2006 |
| Eco-Committee to audit the bins available in the school. | Eco Committee | December 2006 |
| Buy bins for each class for recyclable materials e.g. paper and plastic bottles, and for fruit. Make labels for each bin in the class. | Miss McArthur (HT) Primary 3, 3/4 | December 2006 March 2007 |
| Primary 7 to give a presentation at assembly to encourage using both sides of paper. | Primary 7 | October 2006 |
| Order a compost bin to help recycle the waste from fruit. | Eco Committee and Mrs Stewart | March 2007 |
| Students to act as recycling monitors, to collect the materials and measure how much each class is recycling. | Every Class organised by P7 | Throughout the year |
| Contact Environmental Protection Services to find out if the school could have 2 more blue recycling bins. | Janitor | January 2007 |
| Give a presentation at assembly to encourage whole school to reuse materials in art projects. | Primary 3 & 3/4 Every Class | January 2007 |

| Success Criteria | Monitoring and evaluation |
|---|--|
| Every class taking part in Recycling Increased awareness of recycling. Amount of waste from school going to landfill reduced. | Action plan discussed at eco committee meetings. Recycling monitors to measure and record how much the school recycles. |
